The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the **Technical Meeting for National Coordinators of the International Reporting System for Operating Experience on Recent Events at Nuclear Power Plants** (hereinafter referred to as "event") to be held at the IAEA's Headquarters in Vienna, Austria, from **14 to 18 October 2024**.

The purpose of the event is to share lessons learned from operating experience at nuclear power plants (NPPs) and to exchange information on recent safety significant events at NPPs.

The event will be held in English.

The attached Information Sheet provides further details of the event.

Member States are invited to designate one or more participants for this event. Member States are strongly encouraged to identify women participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event. The application for financial support should be made at the time of designating the participants using the attached Grant Application Form (Form C).

It should be noted that compensation is not payable by the IAEA for any damage to or loss of personal property. The IAEA also does not provide health insurance coverage for participants in IAEA events. Arrangements for private insurance coverage on an individual basis should therefore be made. The IAEA will, however, provide insurance coverage for accidents and illnesses that clearly result from any work performed for the IAEA.

Designations should be submitted to the IAEA through the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) not later than **2 August 2024** using the attached Participation Form (Form A). Completed and authorized Participation Forms should be sent either by email to: Official.Mail@iaea.org or by fax to +43 1 26007 (no hard copies needed). Copies should be sent by email to the Scientific Secretaries of the event, Ms Cristy Gregory, Division of Nuclear Installation Safety, Department of Nuclear Safety and Security (Email: C.Gregory@iaea.org) and Mr John Nakoski, OECD/NEA's Division of Nuclear Safety Technology and Regulation (Email: John.Nakoski@oecd-nea.org), as well as IAEA Administrative Secretary, Ms Yuliya Palka (Email: Y.Palka@iaea.org) and OECD/NEA Event Coordinator, Ms Stephanie Ruiz (Email: Stephanie.Ruiz@oecd-nea.org).

The Scientific Secretary of the event will liaise with the participants directly concerning further arrangements, including travel details, as appropriate, once the official designations have been received.

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to renew to the IAEA's Member States the assurances of its highest consideration.
